

CERAMIC AFFAIRS

T H E T I L E S T U D I O

The image displays a grid of 20 vertical wood finish samples, arranged in 4 rows and 5 columns. Each sample is a rectangular strip showing a different wood grain and color treatment. The colors range from dark, almost black, to light, natural wood tones. Some samples show a smooth finish, while others have a distressed, weathered, or distressed appearance with visible grain and some surface wear. The text 'Wooden Finishes' is overlaid in the bottom right corner of the grid.
